### What is Plein Air painting?

En Plein Air means 'in the open air' and describes the act of painting outdoors. While artists have long painted outside, the popularity of plein air painting increased in the 1870's with the introduction of paint in tubes and the box easel. Plein air painting challenges artists to work fast, channeling a quickly changing environment onto paper or canvas.

### What is a Quick Draw?

A Quick Draw is a timed art competition. Registered artists complete an entire painting within a specified amount of time and in a designated location. This is a great spectator event! Look for artists in downtown Moab Thursday, 4 - 7 pm; perhaps on a sidewalk, around the corner, etc. Then, again at Arches National Park on Friday, 2 – 5 pm. It's okay to stop and admire their piece as they work.

### What is a Paint Out and Art Experiential?

A fun-for-all-ages event open to the public and non-registered artists - a free art project for anyone who wants to pick up a paint brush - especially children and those that think they have no ability to paint. All supplies provided.
